## About Me

Passionate FullStack Web Developer with recent graduation from Rakamin Academy, skilled in JavaScript and confident in building end-to-end web solutions. Highly motivated to grow and continuously learn, both independently and within a team, while actively seeking opportunities to expand technical expertise. Having strong communication skills for solving problems with a proper solution and effectively delivered.

## Graduate

**Politeknik Negeri Sriwijaya** - Palembang, Indonesia

Bachelor Degree In Computer Engineering, 3.41/4.00

## Rakamin Academy

Full-Stack Web Developer, 81.73/100

## Experience

### Final Project Rakamin Academy (2024 January - 2024 June | Fullstack Web Development

- Developed **payment feature integration with Midtrans** and ensured seamless transaction process in the E-commerce application.
- Built and maintained responsive user interfaces using **React.js** and **Bootstrap**.
- Implemented reusable components that reduced UI development time by **20%**.
- Collaborated with team members to design and deploy scalable E-commerce features.

### Elabram Indonesia (2024 July - 2025 July) | Front End

- Built web interfaces using **Nuxt.js, Tailwind CSS, Vue.js, and Kendo UI**, ensuring cross-browser compatibility.
- Integrated **backend system to frontend UI**, enabling seamless data flow and real-time updates.
- Enhanced **database fetch efficiency by 25%** through implementing **debounce techniques**.
- Developed mobile-first UI to ensure responsiveness across devices.
- Maintained **brand consistency** across multiple web applications.
- Collaborated with backend developers and UI/UX designers to improve usability.
- Supported backend developers by **debugging API issues** and resolving data synchronization errors.

## **Fullstack Project (2025 August ) | Fullstack Web Development**

- Developed and deployed a complete **fullstack web application** using **Next.js** for frontend and backend.
  - Designed and implemented responsive UI with **Tailwind CSS**, improving user engagement by **15%**.
  - Integrated **Prisma ORM** to simplify database management, reducing query complexity by **40%**.
  - Deployed application on **Microsoft Azure**, ensuring high availability and scalability.
  - Applied clean architecture principles, resulting in **25% faster feature development**.
- 

## **Achievement and Skill**

**Indonesia | Native**

**English | Professional**

## **Additional**

**Programing Language | JavaScript**

## **Front End |**

Vue, React Developer

## **BackEnd |**

MySQL

Prisma

## **Deployment |**

Azure
